The program is a nice way to recognize families living in East Williston. The cost is \$100 per brick. The Village must have a minimum order placed to the supplier of 50 bricks, and at this time, over 20 residents have ordered bricks. The deadline to order is March 31st.

Work continues on extending the dugout at Devlin Field by the East Williston Little League.

VILLAGE CLERK MARIE HAUSNER

The following building permits were issued in January 2020: 68 Weeks Road, interior renovations. 8 Atlanta Avenue, replacement of an air conditioning condenser.

The Nassau County Police Department Third Precinct report for January 2020 was not received in time for the meeting.

The Village office will be closed on February 17, 2020 in observance of Presidents' Day.

The Mayor opened the meeting to residents.

Raymond Gaudio addressed the Board about the noise emanated from the work of commercial landscapers.

He resides near a cul-de-sac and is surrounded by 25 homes where landscape work can go on for hours on any given day. The 60 decibel level is almost always exceeded while this work is in process. He purchased a decibel meter and found the levels are 80 – 90 -110 range. He felt this was very excessive and the village should have someone go around and perform random checks.

He felt that this loud equipment should be banned, as he cannot enjoy the outside of his home when commercial landscaping work takes place.

Mayor Parente stated that in the local law approved last year on commercial landscape work, an incentive was placed in the legislation whereby a discounted price for a landscaper license is offered to those companies who prove they have purchased more efficient equipment recently. Since the Village is reaching the first full year of these changes, she wanted to see how these changes pan out.

It was noted that if a resident witnesses a violation of the landscaper code, they can contact the village office and then submit an affidavit so that a court appearance ticket can be issued. This is currently done when excessive barking by dogs is notices.

Mrs. Abad advised the Board that it does not appear as though Meadow Carting is separating out recyclable materials from the regular garbage. The just dump everything in the back of the truck.

The clerk noted that some of Meadow's trucks have a bifurcated compressor in the back of the truck, so it may appear that everything is being co-mingled. She will contact the supervisor at Meadow Carting about this issue.

Mayor Parente added that there will be a proposition on the March 18th election ballot regarding the East Williston Fire Department's Length of Service Award Program (LOSAP). A letter will be sent out to residents regarding this matter prior to the election.

There being no further business, on the motion of Trustee Siciliano, seconded by Trustee Iannone, the meeting was adjourned at 8:32 pm.
