Building Inspector Robert Campagna addressed the Board about fees for demolition permits in the Village. He stated that New York State Code determines what constitutes a "full demolition" of a premises. He had spoken with a member of the building department staff in the Village of Garden City. They use a formula of what a building is worth prior to alteration or renovation, then if 50% or more and leaving the foundation and first floor, then the permit is issued for a complete demolition.

The Village of East Williston Code fee schedule for demolitions is \$5,000 for an entire house and \$2,000 for a detached garage (only charge when the entire house is also being demolished).

Recently, two projects in the Village on Sumter Avenue and Weeks Road have come into question of what constitutes a demolition. In the past, if the plans do not specifically state "demolition", than a visual inspection of the work and the amount of home demolished, is what determines the fee. The two projects call into question the definitive answer alluding to substantial removal of the current structure.

Mr. Campagna stated that the percentage of the walls left standing is 49/51%. He suggested that the Board reach a compromise in fees charged for demolition permits.

The Board suggested that the staff review what was done for the work on a house on Orchard Drive back in 2009-2010. Mr. Campagna stated that the property owners of the Orchard Drive had applied for five variances, but no fee change was applied to this property.

The Board decided that a fee of \$3,500 be charged to the demolition work at 41 Sumter Avenue and 107 Weeks Road.

Mr. Blinkoff added that the Village is obligated to enforce the State Building Code.

Mayor Tanner asked that Mr. Campagna and Mr. Blinkoff work together on this matter.

RESOLUTION #5-2015 A RESOLUTION AUTHORIZING THE FEE OF \$3,500.00 FOR THE SUBSTANTIAL DEMOLITION OF 107 WEEKS ROAD AND 41 SUMTER AVENUE .

On the motion of Trustee Parente, seconded Trustee DeBenedittis, and with Mayor Tanner and Trustees Parente, DeBenedittis , and Siciliano all voting aye, the Board authorized the fee of \$3,500.00 for the substantial demolition of 107 Weeks Road and 41 Sumter Avenue.

Trustee Parente stated that William Matt has once again brought up the issue of curbing installed at 55 School Street.

Mr. Campagna stated that this matter had been settled a while ago. Mayor Tanner asked that Mr. Campagna send a letter to that effect to Mr. Matt and copy the Board.

The Board discussed the revised plans submitted by the Wheatley Hills Golf Club. It was determined that original, approved plans for the quarters at the Golf Club were dated before the incorporation of the Village.

Mr. Campagna stated that in the new plans, utilize the same area; the Club will be moving people from their accommodations in the main building into the basement area of the present living area.

Mayor Tanner asked that Mr. Campagna make a determination to ensure that the square footage is matched.

Trustee Parente stated that one resident had asked that the Club provide I9 forms for those working/living at the Golf Club.

Mr. Blinkoff stated that it is within the Village's rights to ask how many people are living at the location, but not who the people are at the Club.

Trustee DeBenedittis stated that the Village needs to know about the occupancy issue.

On the motion of Trustee Siciliano, Seconded by Trustee Parente, and with Mayor Tanner and Trustees Parente, DeBenedittis and Siciliano all voting "aye", the Board moved to adjourn into executive session at 9:40pm to discuss potential litigation.

On the motion of Trustee Siciliano, seconded by Mayor Tanner, and with Trustees Parente, DeBenedittis, Siciliano and Vella all voting "aye", the Board moved to re-convene at 10:48p.m.

Mr. Delury went over the items listed for capital projects for the 2015-2016 preliminary budget. The locations cited are East Williston Avenue streetscape, Donald Street, Downing Street and Titus Way drainage. Mr. Delury was asked to obtain cost estimates for the projects including engineering from Cashin Associates.

The Board felt that the Downing Street project should be moved to the 2016-2017 fiscal year in order to utilize CHIPS monies.

Trustee Parente stated that the Village will be receiving an invoice from JSK, Inc. in the amount of \$2,000.00 for work on the grant received for the radio room in the firehouse.

There being no further business, on the motion of Trustee Vella, seconded by Trustee Siciliano, the meeting was adjourned at 11:11 p.m.
