Pool Permit instructions

Provide the following list of items to File for the Pool permit:

- Existing Survey (displaying entire property) (2 Copies)
- A Plot plan drawn by a design professional, see note (2 Copies)
- Pool Construction drawings (2 Copies)
- A certification letter from an Engineer/Architect that the available pervious land with the proposed pool meets the drainage requirements as per section 160-38 c-4 or a professional's containment plan showing proposed drywells accommodating full capacity pool drainage.
- LIPA Letter stating pool has sufficient clearance required from power lines
- Copies of the Contractors Licenses and Insurances as required
- Standard Plumbing Permit application, if applicable (ex. gas heater)

Note: The Plot plan must be to scale showing dimensions of the proposed pool, location of pool, associated equipment, safety fences and dimensions to the property line and structures from all proposed elements. Calculations displaying conformance with the zoning code must be shown.

The proposed work must meet all aspects of the zoning code including lot coverage and rear yard coverage.

Required to close the pool permit

- Updated Survey
- Electrical Certificate
- Final Plumbing inspection (if applicable)
- Final inspection
